## PROJECT TITLE

**PRIMARY SCHOOL PROGRESS REPORT MOBILE APPLICATION**

This project is submitted to the Department of Computer Science in partial fulfilment of the Bachelor Science Honours Degree in Computer Science  
[May 2016]

## **Abstract**

This project provides a solution for reporting on the progress of a pupil in primary school. The Progress Report Mobile application is an application that runs on android devices that enables parents to view the performance of their child in primary school by viewing weekly reports, termly reports as well as comments from the teacher. It also allows parents to communicate with the teacher by sending a message, parents can also view notices from the school and hence keeping them updated on what is going on in regards to their child's life at school
