3 HOURS (100 MARKS)

INSTRUCTIONS

Section A is **compulsory**. Answer **any two** questions from section B. Where a question contains subdivisions, the mark value for each subdivision is given in brackets. Illustrate your answer where appropriate with large, clearly labeled diagrams.

SECTION A

1. Assume that you are ZIFA class two referee and you have been appointed to officiate at a ZTISU group match between the National University of Science and Technology and Hillside Teacher's College. What decisions would you make in each of the following circumstances? Justify your decision.
 - a) As you are inspecting the field just before kick-off you discover:-
 - i) ZIFA and FIFA banners and logos on the goal nets and corner flags. (2 marks)
 - ii) Commercial advertising one meter from the boundaries of the field. (2 marks)
 - iii) That the field is marked with broken lines. (2 marks)
 - b)
 - i) The ball becomes defective during the course of the match. (2 marks)
 - ii) An extra ball enters the field of play during the course of the match. (2 marks)
 - c)
 - i) A National University of Science and Technology player changes places with goal-keeper without informing you and goes on to make a brilliant save. (3 marks)
 - ii) You send off a Hillside player and one of the National University of Science and Technology named substitutes before kick-off for unsporting behaviour. (2 marks)
 - iii) A National University of Science and Technology reveals undergarments showing political slogans after scoring a goal. (2 marks)
 - d)
 - i) A Hillside player scores an own goal from a direct free kick. (2 marks)
 - ii) The National University of Science and Technology goalkeeper takes a throw in and after the ball is in play he deliberately handles the ball inside his own penalty area before it has touched another player. (2 marks)
 - e)
 - i) You are required to restart play with a dropped ball and the ball goes out of the field of play before it makes contact with the ground without any player

- touching it. (2 marks)
- ii) A National University of Science and Technology defender trips a Hillside striker inside the penalty area when the ball has already gone out of the field of play. (2 marks)
2. a) Explain any three circumstances under which a player in an off-side position may be penalized for being in that position. (6 marks)
- b) Outline the ten offences for which a penalty may be awarded. (10 marks)
- c) Discuss the offences for which a player substitute and substituted player may be send off and shown a red card. (9 marks)

SECTION B

3. Discuss the historical evolution systems of play in soccer form 1870 to the present day. (25 marks)
4. Assume that you are the Course Director for a Level one soccer coaching course and you have been tasked to facilitate on a section dealing with why it is important for a soccer coach to have a knowledge and understanding of the four basic management functions of planning, organizing, leading and controlling. Write a draft showing what your presentation will cover. (25 marks)
5. The National University of Science and Technology Department of Sports Science and Coaching is running a series of talent development programmes for local schools and you have been asked by the Chairperson to facilitate on any three of the following topics:-
- a) Ball control
 - b) Heading
 - c) Kicking
 - d) Drilling and turning
 - e) Running with the ball
 - f) Passing
- Explain in detail what your practical and theoretical presentations will focus on. (25 marks)
