APRIL 2014

3 HOURS (100 MARKS)

INSTRUCTIONS

Answer 4 questions only. Each question carries 25 marks. Where a question contains subdivisions, the mark value for each subdivision is given in brackets. Illustrate your answer where appropriate with large clearly labeled diagrams.

- 1. Design a strength training programme using own body weight for Premier Soccer League footballers. Describe in detail each activity. (25 marks)
- 2. a) Analyse the importance of transition in football.

(12marks)

- b) Explain how the principles of distributed and variable practice help in planning football practice sessions. (6marks)
- c) Why is planning essential in football practice?

(7marks)

3. Design a football coaching plan to develop width and depth in attack.

(25marks)

- 4. Evaluate different football philosophies and suggest how these influence defensive and offensive play.
- 5. a) In Zimbabwe football match officials are paid by the home team at half-time interval.

 The assumed match official fees are \$300 per match. In an event the match official receives more than the stipulated amount a) state three FIFA rules of conduct that are consistent with gifts and other benefits.

 (6marks)
- b) Kaizer Chiefs football club of South Africa offers to pay winning bonuses to Bantu F.C. footballers in the event of a win or draw against Zamalek of Egypt. The club also offers to fund

air fares as well as accommodation in a three star hotel. Kaizer Chiefs and Bantu F.C. are in the same group in the champions league. Bantu F.C. still has a home game to play against Chiefs and a draw or a win for Bantu will eliminate Chiefs from going through to the next round. According to the FIFA rules of conduct consistent with:	
i) Undue advantage justify why Zamalek may submit a complaint to FIFA.	(8marks)
ii) Gifts and benefits state five conditions that have to be met in acceptance of an off	fer. (11marks)
6. Design a session plan to develop breaking through the midfield to create width and support in attack	(25marks)
