A research project submitted to the National University of  
Science and Technology (NUST) in partial fulfilment of the  
Degree of Bachelor of Education Honours in Applied  
Mathematics.

Bulawayo, Zimbabwe

YEAR: APRIL 2013

# ABSTRACT

This study was aimed at evaluating the effectiveness of UNICEF donated textbooks in teaching and learning. The study was carried out in primary schools of Nyamandlovu West Cluster in Mataberland North Province.

In 2010 UNICEF donated millions of textbooks to primary and secondary schools. The study showed that the textbooks are effective in teaching and learning in Nyamandlovu West cluster. The performance of pupils in mathematics has improved since the books were donated.
