- 

**Section A**

1. With reference to a library system or entity from an African cultural region and another from a non African cultural region do a full comparison of critical factors that have impacted on the development of the two entities.

**Section B**

2. Discuss how national libraries tend to differ from public libraries.
3. Critique the review that in Southern Africa, ethnicity determined the evolution and provision of library services.
4. Many professional library associations have strong school library sections. Why is Zimbabwe not in a similar position?
5. Will the globalisation of the world economy result in quality library services for all people in the world? Discuss.
6. The quality of professional or political leadership can promote or hinder library development and effectiveness. Discuss.
